Zabit ALWAN ibn FIRHAN of the Arab Company stationed at BASRAH, has been selected as the Arab Levy Officer to proceed to BAHREIN on discharge, for service with the BAHREIN Government, in connection with the Special Local Police Force now being raised there.

2. It was hoped to send this officer to BAHREIN by the Mail Boat which left BASRAH on 14th. June, 1940. 3. If possible, Zabit ALWAN ibn FIRHAN should sail by the next Slow Mail due to leave BASRAH on the 21st. June, 1940.

4. As Zabit ALWAN ibn FIRHAN is stationed at BASRAH, he should not be required to report to BAGHDAD, before departure. DEFENCE OF BAHREIN.

With reference to your 289/2/40 dated 12th March, 1940 on the subject of the provision of a Levy officer for permanent duty in the Special Police Force which is now being recruited for the purpose of protecting the oil field and Refinery in BAHREIN against sabotage.

2. It is considered that a Levy officer would be most suitable for the appointment, and that an Arab Levy Officer should be selected rather than an Assyrian.

3. The O.C., 'Iraq Levies recommends an Arab Officer named ZABIT MEHADI SAD, who was enlisted in 1932 and promoted to Officer rank in 1938. His present age is 37 and he is now employed as Machine Gun officer in his Company at BASRAH.. Besides being a good Machine Gun Instructor he is a good rifle shot and can read and write. He is due for re-engagement (1 year at a time) on 15th June, 1940, and in the ordinary course of events would be re-engaged on this date. He can, however, be released from service at any time before 15th June, 1940.

4. It is suggested that, subject to this officer's willingness to accept the appointment, he should be sent to BAHREIN in the first instance for a period of one month's probation so as to safeguard the interests of both the BAHREIN Government and the individual. During this period of probation there is no objection to his being paid as a Levy officer, as he can be shown as being on "temporary instruction duty". Regarding the rates of pay, etc, it is suggested that a British Levy Officer from the 'Iraq Levies should go to BAHREIN during the early part of the probation period, where he can discuss details of pay, rations, married quarters, leave and bonus concessions on retirement. His present rate of pay is I.D.11.250 per mensem, plus rations and quarters. In addition he is entitled on retirement to a bonus of one month's pay for every year's service.

5. It is presumed that the BAHREIN Government would be willing to pay Travelling Allowances for the Arab Levy Officer during the probationary period if it is not found possible to send him by air.

Dear Chancery,

A special police force consisting of 50 Bahrainis is now being recruited for the purpose of protecting the Oil Field and Refinery in Bahrain against sabotage. These men will be permanently located in the Oil Field Area. Although this force will be under the general control of the Gulf Defence Officer (a British officer) he will not be able to devote all his time to the special police. In these circumstances the Bahrain Government have decided to employ an Arabic speaking officer who can undertake, as a whole time duty, not only the training of this force, but also its entire "care and maintenance".

2. It is believed that the Iraq Levies enjoy an excellent reputation and that it might be possible to obtain from them an Assyrian officer who has just retired or is approaching retirement age. The Bahrain Government would meet the pay and all travelling allowances of such an officer, but since we are not aware of the rates of pay in the Iraq Levies we are unable to suggest a definite figure. It is realized, however, that it will probably be necessary to offer 25% more than the rate of pay sanctioned for a mulazim thani or second lieutenant in the Levies.
